Pamar ha sempre fatto di ricerca e sperimentazione un tratto caratteristico della sua storia. Altrettanto naturale è stato considerare il design Made in Italy un elemento fondamentale di distinzione e di costruzione della propria identità. Oggi, in un mondo dove, persone nonché aziende conoscono il prezzo di tutto e il valore di niente, Pamar esprime la volontà di posizionarsi in una fascia più sensibile del mercato. Rendere i suoi accessori segni inconfondibili, essenze uniche del progetto finale. Flessibili, trasversali e completamente customizzabili nella finitura.

Research and experimentation have become a distinguishing feature in Pamar's history. Subsequently, it was only natural to acknowledge Made in Italy design as the next step in the distinction and creation of its identity. Nowadays, in a reality, where people as well as industries know the price of everything and the value of nothing, Pamar hardly signaled its interest in positioning itself in the most sensitive, higher end market. Producing not just accessories, but distinctive signs, unique essences of the final project. Details with their own personality, an undeniable style, completely customizable in finishes, that could not go unnoticed.

"In order to be irreplaceable,
one must always be different"
